Hacker Middle School May Newsletter

Somehow the fourth quarter has quietly slipped by and there are only 10 days of school left. Though there isn't much time, there is a lot going on! Please see below for some important dates and information.

Important Upcoming Dates

May 12th – Last day of before / after school clubs

May 13th - 5th grade Civil War Re-enactment Field Trip @ Eagle Island State Park

May 20th – Field Day

May 25th – Last Day of School

Upcoming Events

Last Day of School

As noted above, the last day of school is Wednesday, May 25th. This is a full day of school and students will be released as usual at 3:00-3:05. Report cards and available ISAT scores will be distributed on the final day of school for students to take home.

Field Day

Hacker is excited to announce that we will be having our annual **Field Day event on May 20th from 8:30-3:00.** This will be held outdoors on the Hacker Field (weather permitting). Please have your child **wear attire suitable for sporting events**, i.e. no heels, boots, sandals, dresses, etc. Also, have your child bring a **water bottle and wear sunblock**. Parents are welcome to attend with their student, but please let your child's teacher know if you will be attending so that we can inform the office.

Yearbooks

Hacker Middle School yearbooks are available for pre-sale for $20 per copy. Copies can be reserved before or after school with Mrs. Burnett (near the front office). Cash is preferred and we are unable to process credit /debit cards at this time.

Other Information

Pre-Registration for the 2022 – 2023 School Year

It is that time of year again where we ask you to pre-register your student for the upcoming 2022-2023 school year. Please take a moment to log into your PowerSchool Parent Portal (https://powerschool.mtnhomesd.org/public/home.html) and update your student's information by May 30th. Not only will this allow you to make sure all of your student's information is correct, but it will also allow us to prepare for next year by knowing who will be returning. Unfortunately, this cannot be done via the app and needs to be completed through a web browser.

You Can Help

The Idaho Legislature passed HB790 this session which includes a formula for distributing $72 million in Literacy Funding. To help ensure our district receives the most funding we can, we ask that you please complete the Free and Reduced Application at www.mymealtime.com or by picking up a form at the office. If you have already filled out the form this year, you don't need to do it again. All students that qualify this year, will be eligible for Free or Reduced Meals for the first 30 days of school next year, however, would still need to fill out an application next year before the 30 days are up.Thank you for your assistance and we apologize for the timing of everything. All applications need to be completed by May 25th.

Classroom Input Form

The HMS classroom input form for the 2022-2023 is available on our website through June 10th, 2022. Parents wishing to make a request for their child for the upcoming school year can use this form to provide input on their preferred learning environment. Here is the link to access the form: https://forms.gle/3An1shduoyqg4REE6

Final Thoughts

It has been another great year at Hacker Middle School and we are happy to share this success with you! It is through a strong school and parent partnership that our students continue to grow, not only now but in years to come. Thank you for your support this year and have a fantastic summer!

Sincerely,
Lonni Smith
Principal
Hacker Middle School
